THE GARDEN SHED

Perfect for your backyard or an extra storage room beside your pool, this building will add class and style to your property.

Outdoor storage buildings ease the strain on your garage, basement and attic by providing additional storage space that is convenient and accessible. You will have no problem finding a unit that looks good alongside your house or in your backyard.

“My shed is truly a thing of beauty. Not only from the design aspect, but from the construction aspect as well. No corners are cut on material, construction, or craftsmanship.”

– Thomas Porter

THE STUDIO

The timeless gable roof on our Studio mini barn blends well with modern architecture and landscape designs. The high sidewalls are convenient for shelving or storing long handled tools. Doors can be placed on the ends or on the sides of the building.

QUALITY-HANDCRAFTED

I love my woman cave/crafting shed. 12x20, flip-out porch, 8 windows plus a sun roof...tons of light! The 'Woman Cave' of my dreams! From the original sale, the workmanship and delivery, I could not be more pleased. The staff put onto grid paper what I had briefly sketched out and my dream became a reality. No pushy sales. Only friendly, courteous hospitality. Who could ask for more? You rock, Pumpkin Patch Market!

THE CHALLENGER

THE CARRIAGE HOUSE

“My son & daughter-in-law were very happy with the quality of materials used and the professional manner in how it was delivered & installed. Pumpkin Patch lives up to their reputation in all the furniture & small buildings their company builds. I highly recommend Pumpkin Patch's products to anyone looking for quality sheds and furniture that will last a lifetime.”

- Mike Caffery

THE GAMBREL

“We so love our new building! We had one custom built with five windows on one side in order to be able to lounge around and see into our woods, yet not have to combat the bugs. Pumpkin Patch made the ordering process simple and maintained excellent communication with us. You should check out Pumpkin Patch Market!” -Gina Skocilich

THE POTTING SHED

THE GRAND DESIGN

I bought my Grand Design from Pumpkin Patch, and I love it. I use it to sell my Paparazzi Jewelry and wood carvings. I call it my cottage. People always ask me where I bought my cottage. Everyone loves it. It has so much room in it. They made sure it was leveled when they delivered it. When I am in need of another shed, I will be going back to Pumpkin Patch. Great service and they were so nice.

– Ken and Pam Cretcher

THE CABIN

From rustic cabins to contemporary out buildings, we can satisfy every style.

THE STARLITE

PUMPKIN PATCH
— MARKET —

We offer a full line of storage buildings built to handle your storage needs. Outdoor storage buildings alleviate the strain on your garage, basement, and attic by providing additional space that is conveniently accessible. You'll have no problem finding a unit that compliments your house or backyard. Our storage sheds are comprised of quality building materials and constructed by Amish craftsmen.
